

Whether you're a caviar connoisseur or novice, The Gourmet Shop can help you achieve your caviar dreams.

## *what you'll need...*

- Marky's American Paddlefish Caviar  
(or upgrade with any of our other varieties)
- Blini Mini 16 count (Frozen)
- Vermont Creamery Crème Fraiche
- fresh dill

Simplicity is key with caviar appetizers. Simply served on warmed blinis with a dollop of crème fraiche and topped with fresh dill, we want your caviar to shine. Paddlefish, called the first-timers caviar for its bold and earthy flavors, can always be upgraded to a higher end roe if you prefer. Serve with champagne or vodka and share your caviar dreams with friends and family alike.
